PROBLEMS & OPPORTUNITY

Antiquated healthcare systems need major change

By understanding the existing challenges, *ikioo capitalizes on the opportunity to create the solutions that will bridge gaps in the healthcare industry.*

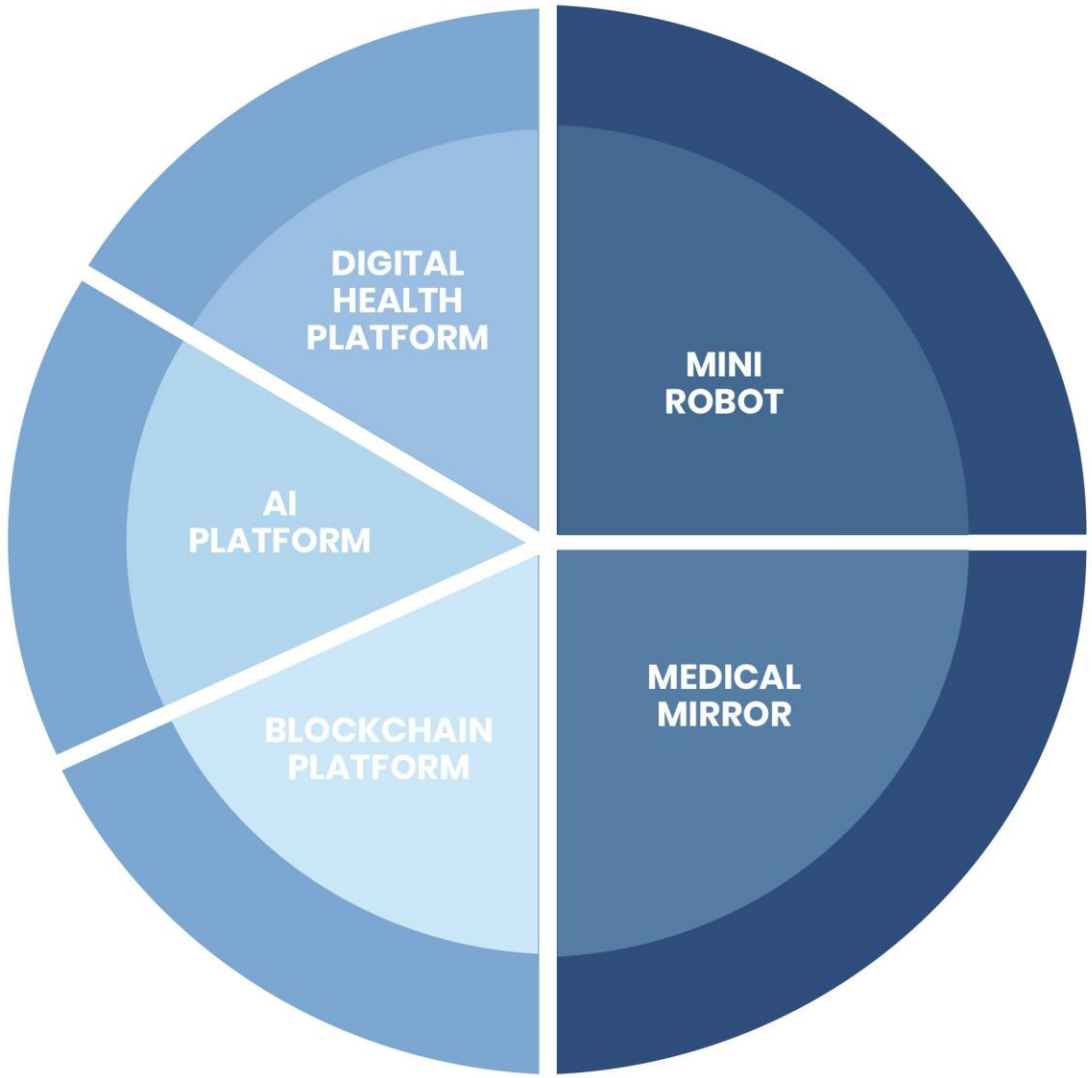
VALUE PROPOSITION

Combining Human and Artificial Intelligence

By combining human capital with AI, *we are providing the toolkit to fix key inefficiencies in healthcare markets across the globe.*

IKIOO TECHNOLOGIES

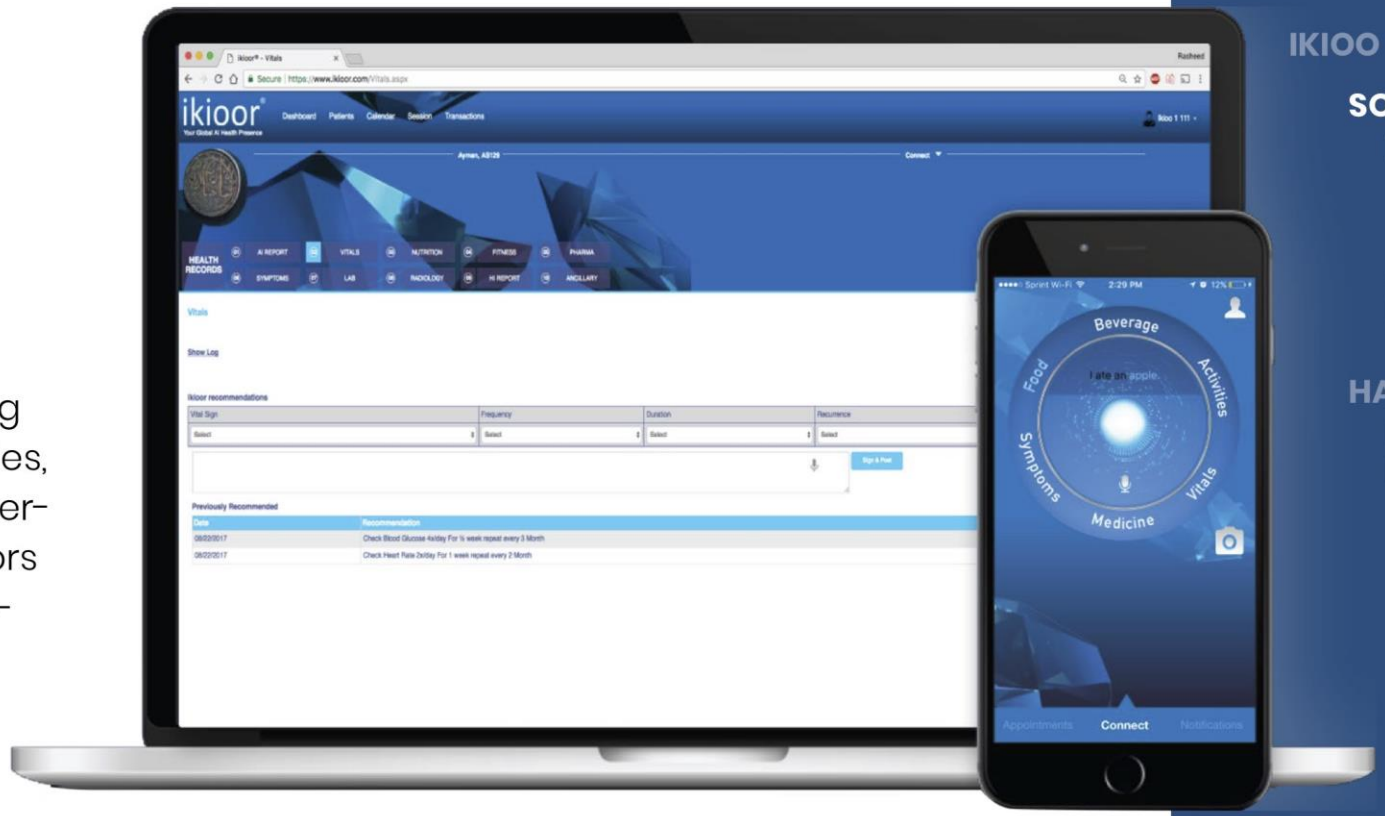
SOFTWARE



HARDWARE

DIGITAL HEALTH PLATFROM

Built from the ground up using AI and blockchain technologies, our digital health platform inter-connects patients with doctors to help produce healthier life-styles.



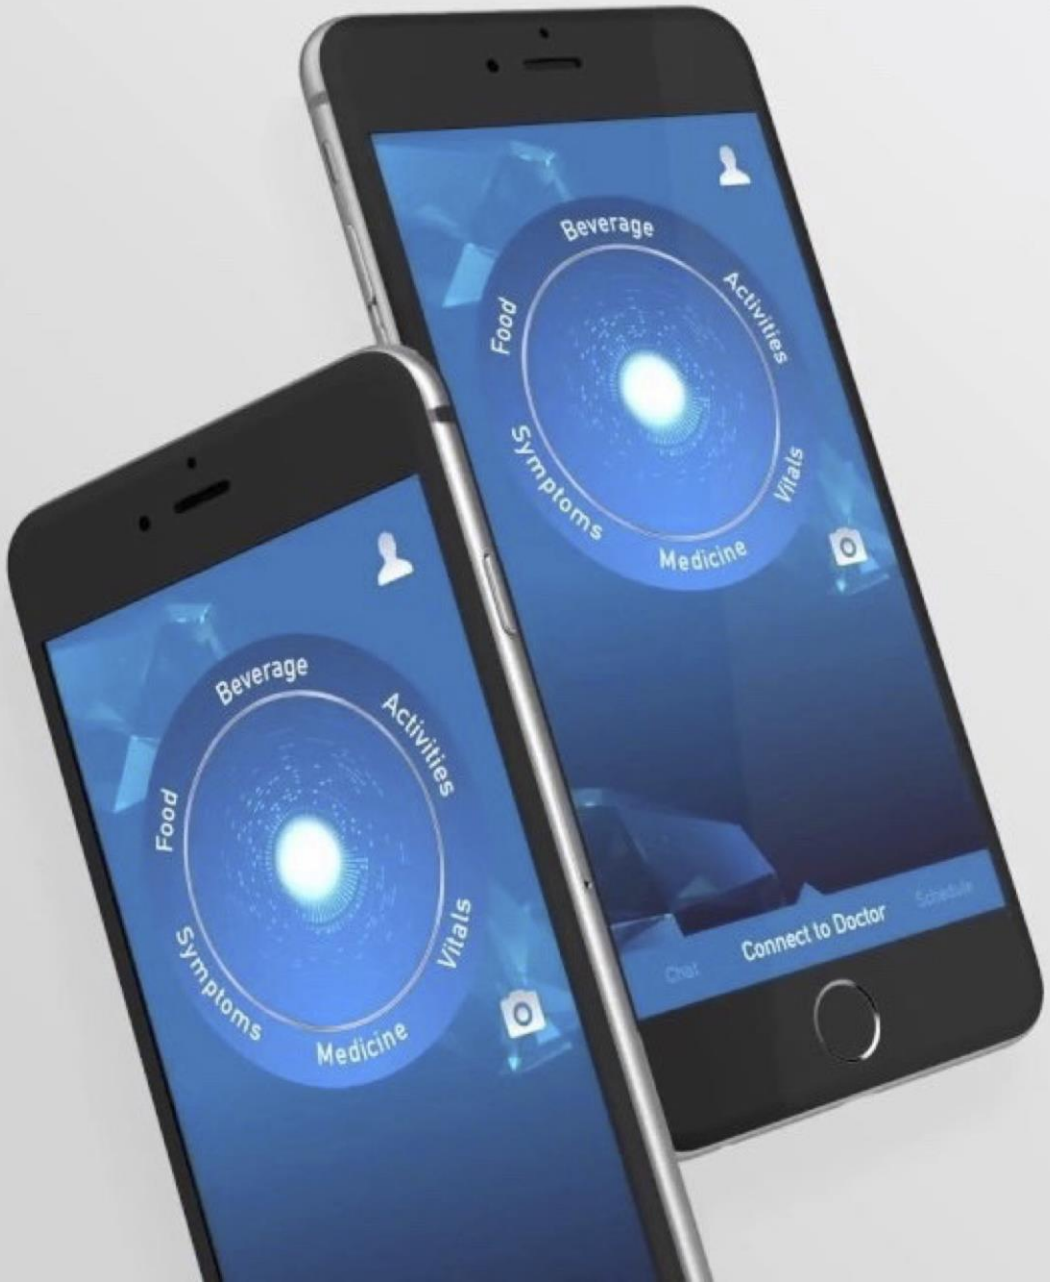
IKIOO TECHNOLOGIES

SOFTWARE

- **DIGITAL HEALTH PLATFORM**
  - **IKIOO APP**
  - **IKIOOR PORTAL**
- AI PLATFORM
- BLOCKCHAIN PLATFORM

HARDWARE

- MINI ROBOT
- MEDICAL MIRROR

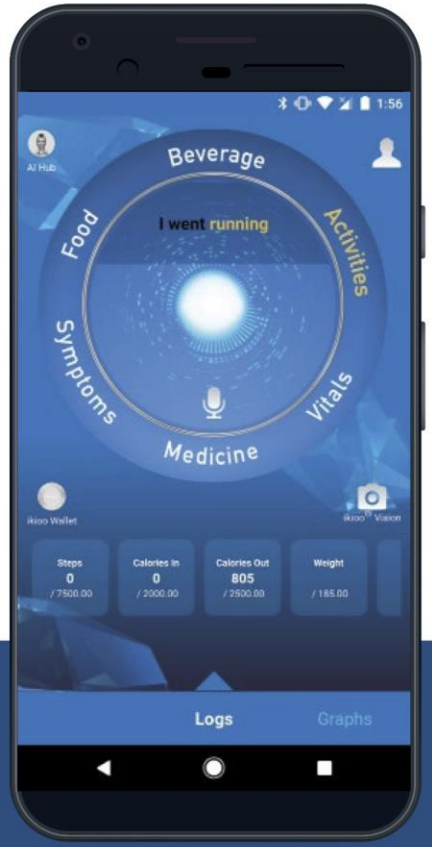


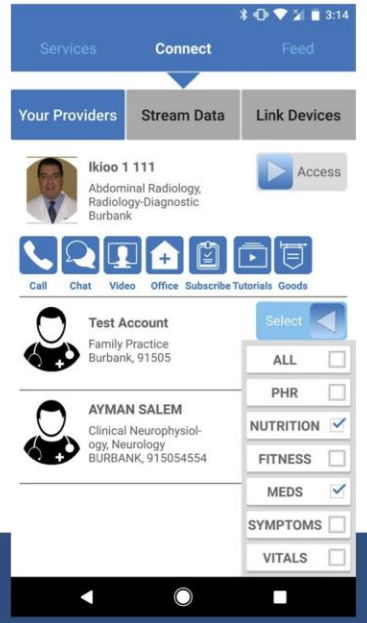
FOR USERS

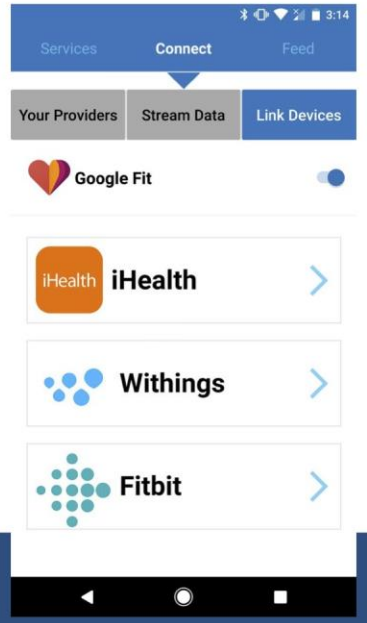
IKIOO APP

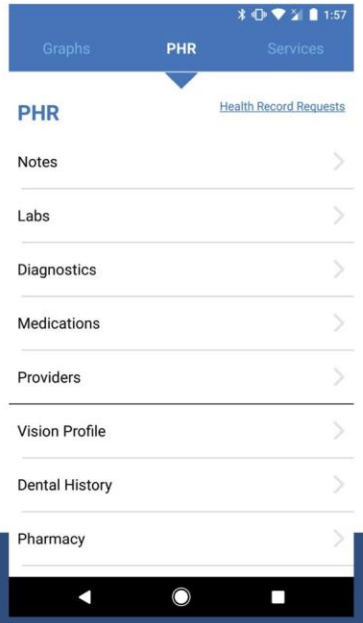
Your on-the-go intelligent personal health companion

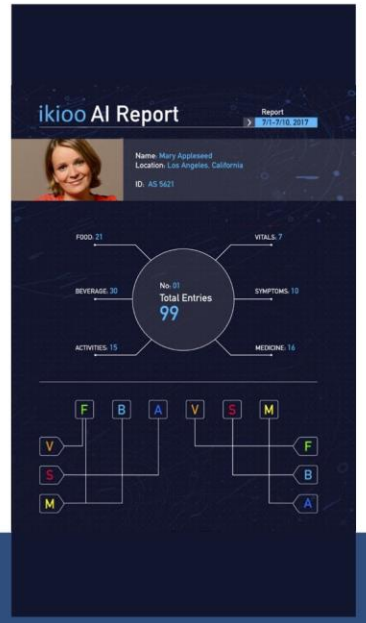
Available on iOS, Android, and Windows.





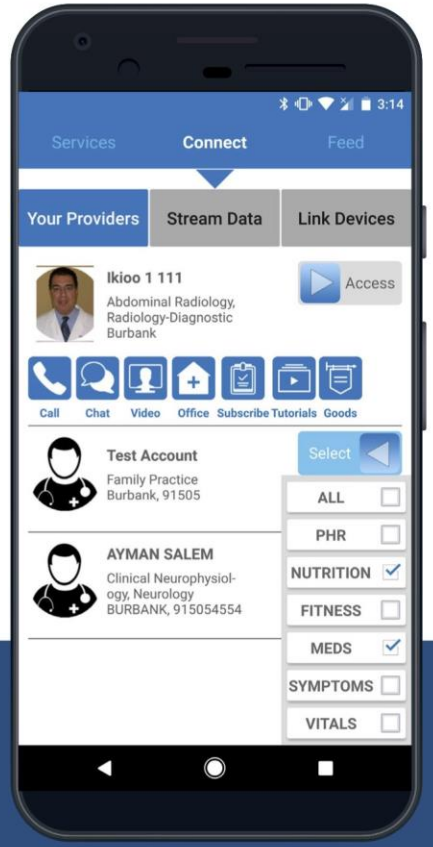


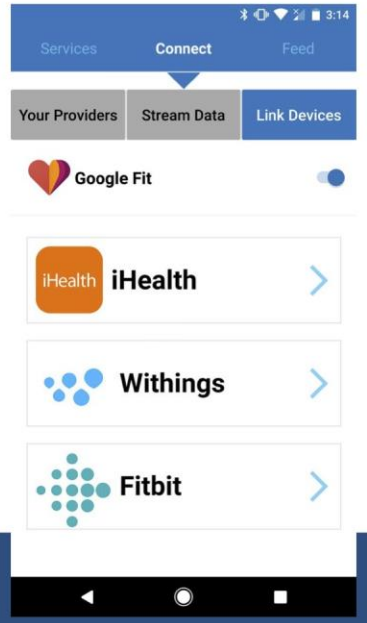


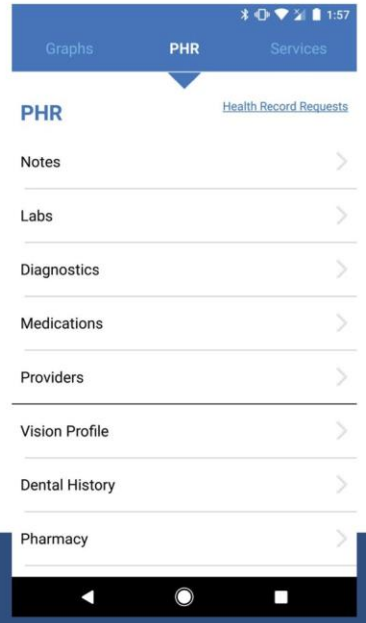


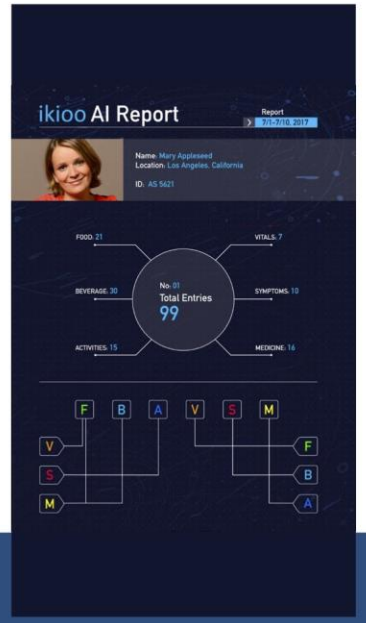
Easy Input

Using voice, text or a picture, input your activities of daily living and let our AI do the rest.



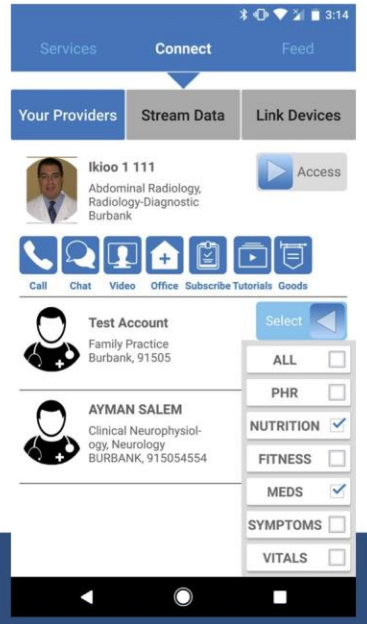


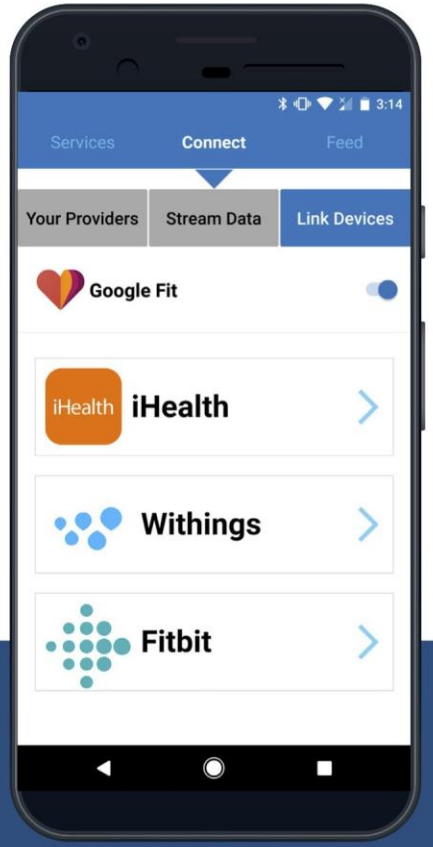


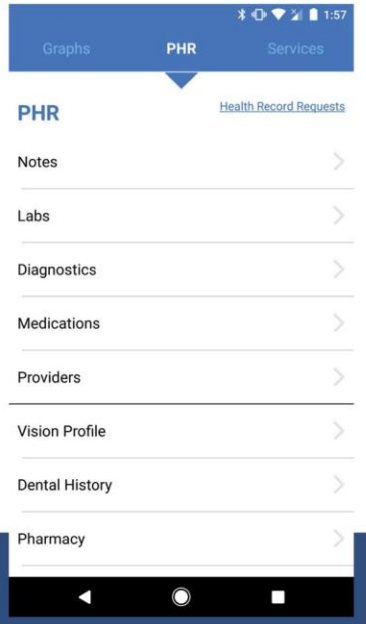


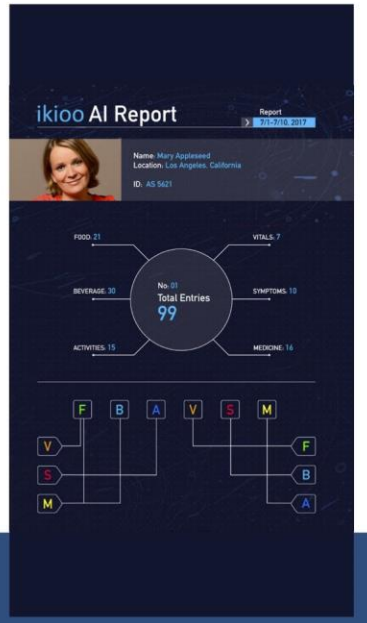
Connect

Stream data, schedule appointments, receive notifcations, chat or video call your providers, all from within the app.



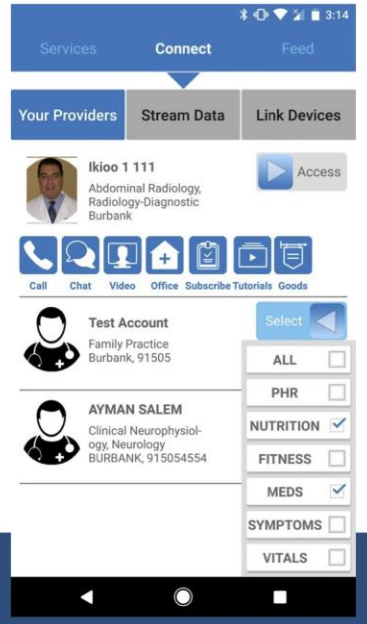


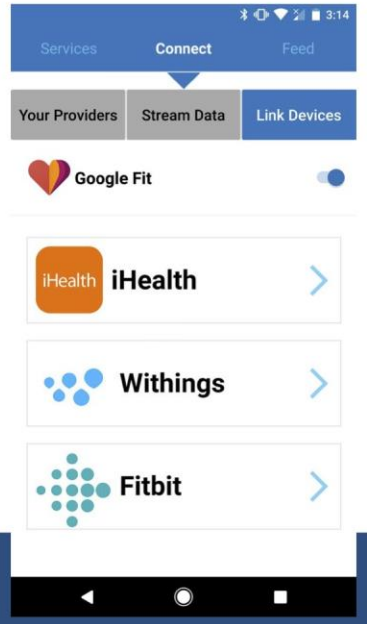


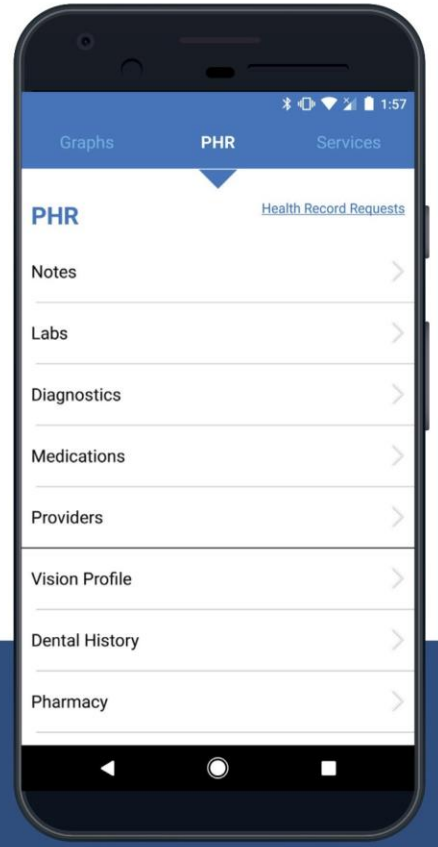


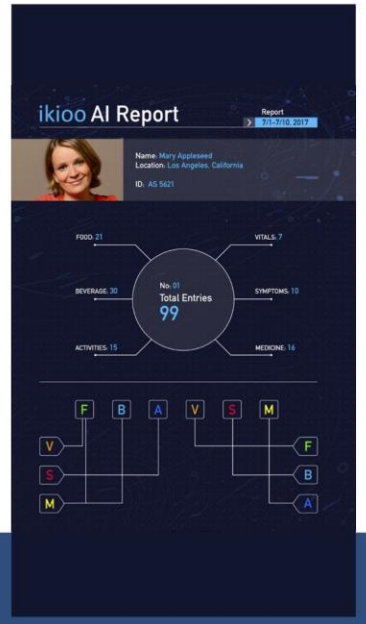
Link Devices

Whether its your fitbit or your phone's native health app, our app is built with compatability in mind.



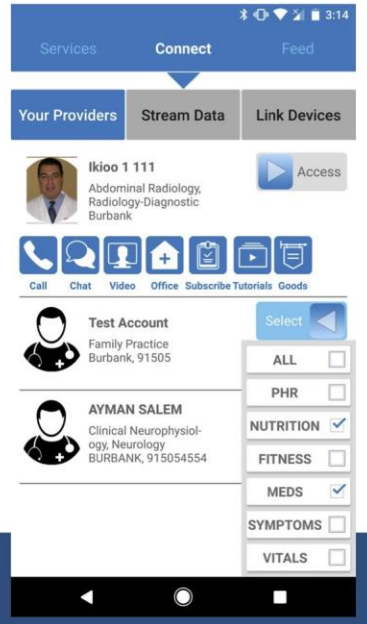


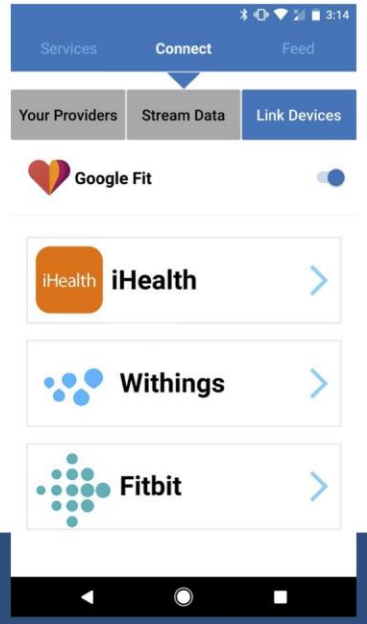


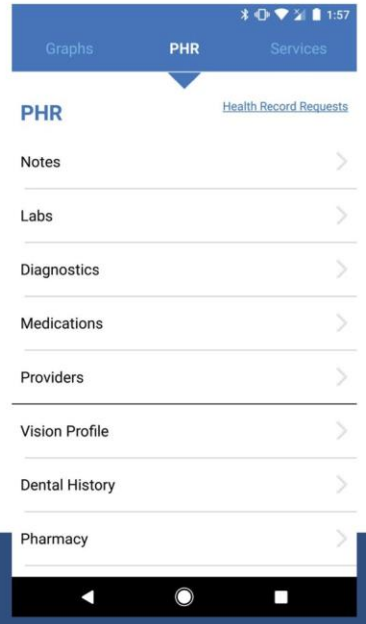


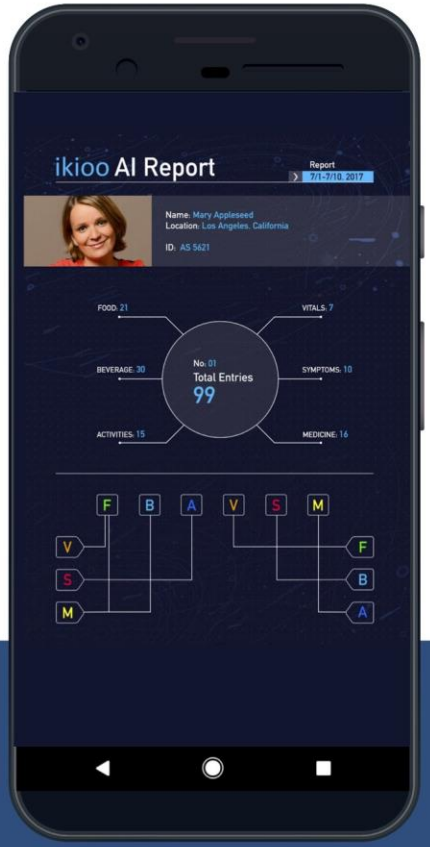
Embedded PHR

Store, access, search and share all your medical records from one secure location.





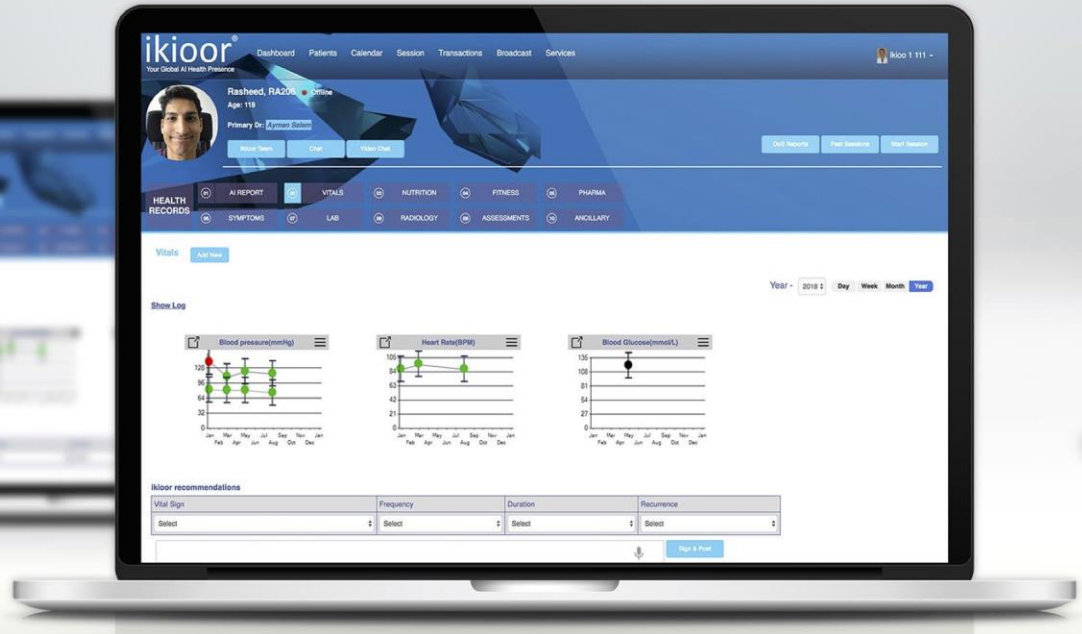




AI Reports

Get a personally tailored AI report with overviews, insights and correlations of your data.

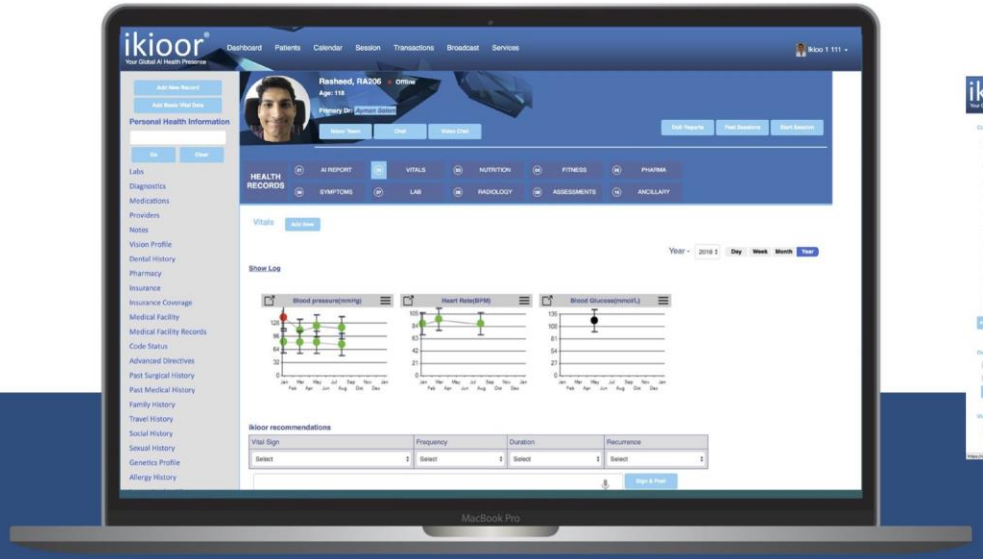
FOR PROFESSIONALS

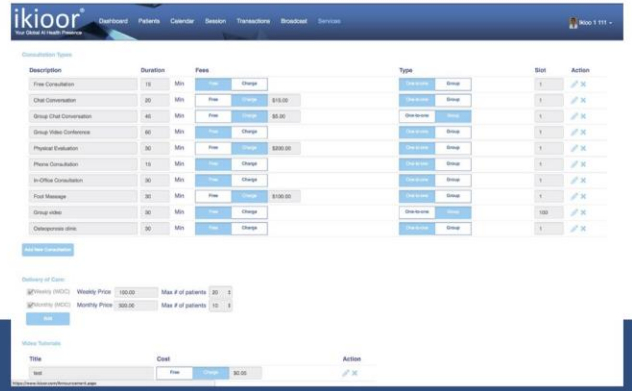


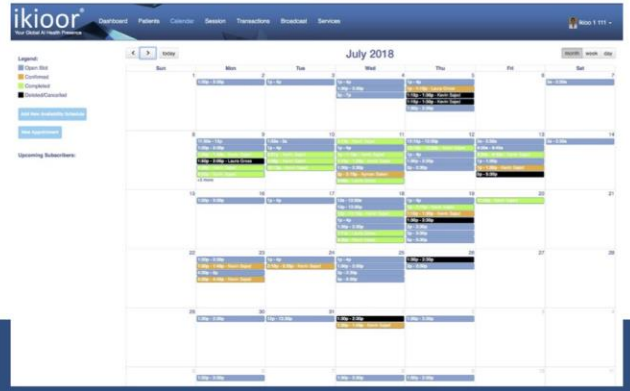
IKIOOR PORTAL

Your Global AI Health Presence

Available on any web browser.

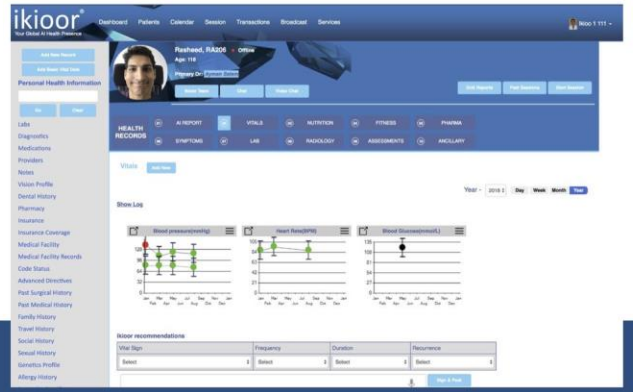


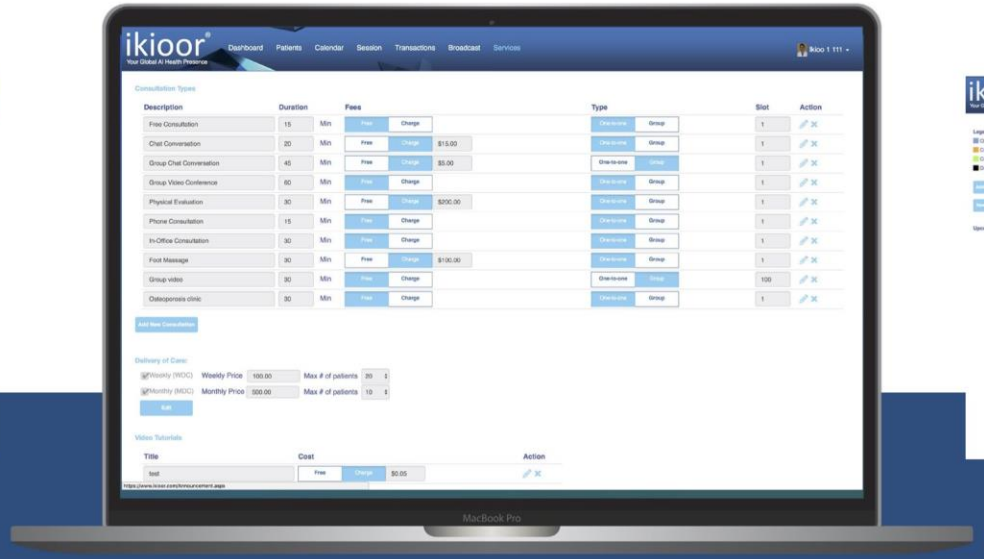


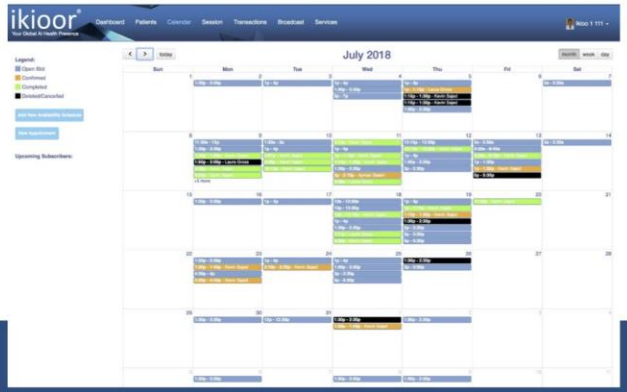


Remote Health Monitoring

Ikioor enables providers to manage their clients and patients from anywhere. View, comment, or make suggestions in real time.

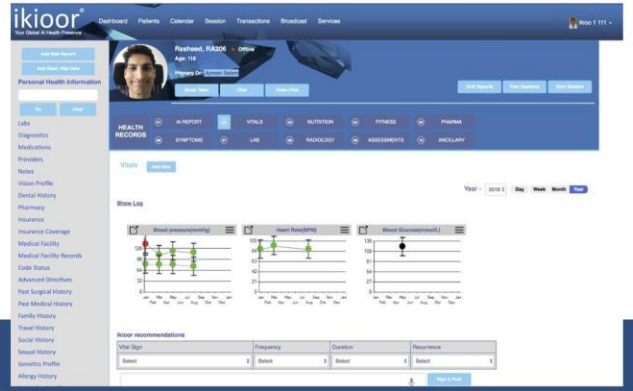


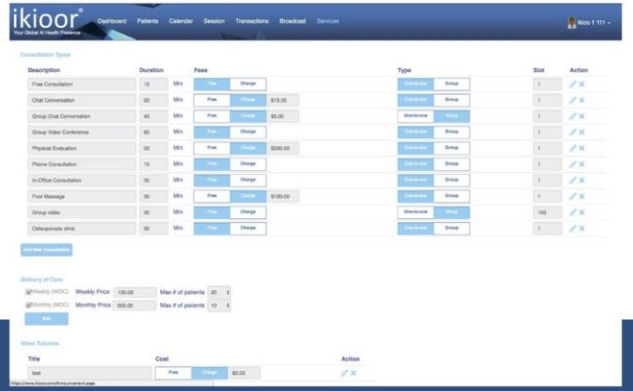


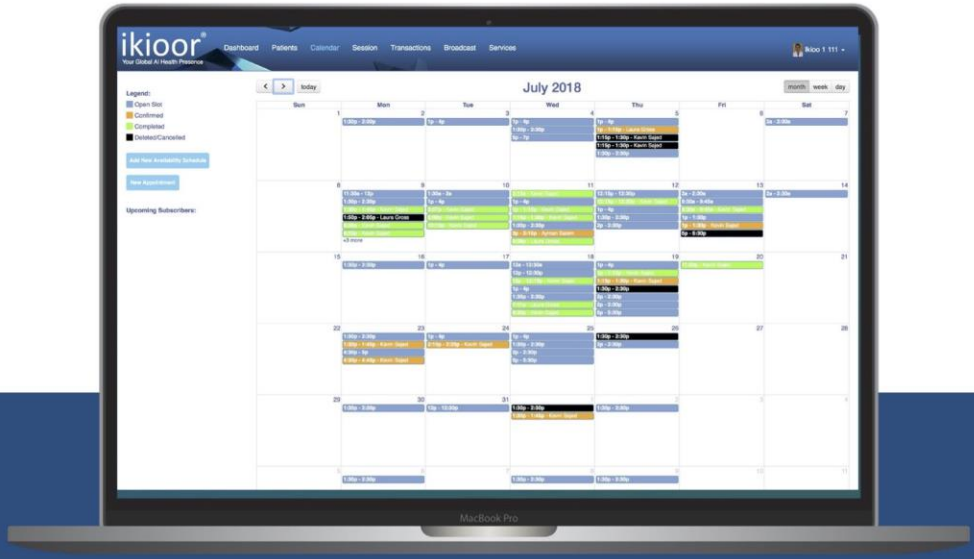


Extend Your Services

With ikioor, providers can define the services they provide and connect with markets beyond their normal reach.







Simplify Your Practice

Schedule appointments, calls or video conferences from a single platform.

AI PLATFORM

Technology built to not only solve a problem, but to also serve a purpose

- Global “AI Hub” that enables users to search for and run wellness and medical related AI algorithms.
- Open platform to enable ikioor providers to build, deploy and monitize their own algorithms.

IKIOO TECHNOLOGIES

SOFTWARE
- DIGITAL HEALTH PLATFORM
  - IKIOO APP
  - IKIOOR PORTAL
- **AI PLATFORM**
- BLOCKCHAIN PLATFORM

HARDWARE
- MINI ROBOT
- MEDICAL MIRROR

WHY DO WE USE AI?

Our AI capabilities address key healthcare challenges

UNHEALTHY LIFESTYLE	LIMITED HEALTHCARE DOLLARS	FRAGMENTED HEALTH-CARE	PROVIDER SHORTAGES	DELAYED HEALTHCARE	POOR ACCESS TO HEALTHCARE
AI LIFESTYLE MANAGEMENT	DELEGATE LOW-LEVEL DISEASE CARE TO AI	AI IMPROVING SIGNALING & SCREENING	REMOTELY OPERATED AI BOTS BY MD'S & RN'S	EARLY DIAGNOSIS & DETTECTION VIA AI	GLOBAL AI HUB GLOBALLY ACCESSIBLE

BLOCKCHAIN PLATFORM

Be a part of the paradigm shift of data

The first digital health platform utilizing blockchain to accurately and transparently reward individuals who make contributions to its decentralized health community.

IKIOO TECHNOLOGIES

- SOFTWARE
  - DIGITAL HEALTH PLATFORM
    - IKIOO APP
    - IKIOOR PORTAL
  - AI PLATFORM
  - **BLOCKCHAIN PLATFORM**
- HARDWARE
  - MINI ROBOT
  - MEDICAL MIRROR

WHY DO WE USE BLOCKCHAIN?

Blockchain Helps solve 3 Healthcare Challenges

1. INTEROPERABILITY	2. HC APATHY	3. HC ADAPTABILITY
Immutable records of HC transactions for third party verifications	Incentivize Users to become Healthier and Providers to Adopt AI	Decentralized self-govered HC community with self-adjusted HC needs

IKIOO HARDWARE

US patented system of B2B and B2C health and medical solutions

IKIOO TECHNOLOGIES

SOFTWARE

  - IKIOO APP
  - IKIOOR PORTAL
- AI PLATFORM
- BLOCKCHAIN PLATFORM

HARDWARE
- MINI ROBOT
- MEDICAL MIRROR

B2B

MINI ROBOT

Comprehensive Milieu of Care

- Easily interface with AR / VR devices
- Reduce waiting times through our pre-configured self-check in processes
- Reduce exam times by accessing and inputting data quicker
- Save on office overhead

B2C

SMART MEDICAL MIRROR

Home Base for your Health

- Directly interact with all of ikioo's platforms
- Home base for the different "capture points"
- Passive capture of vital health data

COMPETITIVE ADVANTAGE

- 3 issued patents in the US.
- 12 patents pending.
